EDUCATION

Computer Engineering

UCASAL 2022-Present

CERTIFICATIONS AND ACHIEVEMENTS

KMPG CyberBoot 2024

Google Cybersecurity Certificate

Cambridge B2 First Certificate

Github Foundations Certificate

Hack The Box Ambassador

EXPERIENCE

Accenture

2024 - 2026

Título: Security Analyst L1

- Monitoring and correlation of alerts using SIEM/SOAR (Google SecOps).
- Log analysis across firewalls, servers, AD, IDS/IPS, and cloud environments (AWS, Azure, GCP).
- Operation and management of EDR platforms: Defender, CrowdStrike, Cortex XDR, Carbon Black.
- Phishing investigations: sandboxing, OSINT.
- Creation of technical Incident reports.
- Execution of playbooks and technical documentation, driving operational improvements.

VOLUNTEERING

Salta Cybersecurity Club

2024 - Present

Título: Staff

- Developed and delivered free seminars on defensive and offensive cybersecurity, including both theory and practice.
- Organized and promoted cybersecurity events, increasing participation through social media.
- Designed and coordinated Capture The Flag (CTF) challenges, facilitating practical cybersecurity learning.

SKILLS AND TECHNOLOGIES

Firewalls, IDS, IPS, EDR, DLP, Network Security, Incident Management, Pentesting, BurpSuite, Linux, Virtual Machines, Microsoft Office, Windows, Active Directory, Microsoft Azure, Python, SQL, Git, GitHub, JavaScript, Google SecOps SIEM/SOAR, Splunk Enterprise, ElasticSearch, CrowdStrike Falcon., Alert Triage, Incident Documentation, Alert Tuning, Langraph, Langchain, n8n.
